

Supporting Iowa JPEC

BUILDING A FOUNDATION FOR **CAMPUS WIDE STUDENT ENGAGEMENT**
AND **STUDENT VENTURES** AT THE UNIVERSITY OF IOWA

JOHN PAPPAJOHN ENTREPRENEURIAL CENTER

The University of Iowa John Pappajohn Entrepreneurial Center (Iowa JPEC) has been nationally recognized for its campus wide education and life-long learning programs. By supporting our center, you are helping students to develop their entrepreneurial mindset, participate in real-world learning experiences, and begin on a path to pursue their passion. In addition, innovators seeking to launch companies during their time at the University of Iowa are supported through our comprehensive student venture programs. It is because of the support of our generous donors that we are able to guide thousands of students each year to reach their full potential by following their dreams.

“ Iowa JPEC has played a critical role in the development of SwineTech. They have supported us through education and training, mentoring, and connections with outside professionals and resources. This assistance helped us win over \$300,000 in UI, state and national business competitions; as well as raise private funds from investors. The support provided by Iowa JPEC and its donors has been fundamental in helping us achieve success and will never be forgotten. ”

MATT ROODA

CEO, Founder, SwineTech

(BA Enterprise Leadership, 2017)

“ Receiving Iowa JPEC scholarships has allowed me to engage with my community, study abroad, and focus on my academics. The true impact of these scholarships reaches beyond my experience in the classroom, as they allowed me to be able to pursue experiential opportunities around campus that helped me build a strong foundation for my future. ”

ARIANA SMITH

Entrepreneurship Scholarship Recipient

(BBA Entrepreneurial Management and Marketing, 2018)
